L. T. Chin Buried From St. Andrews

The funeral of L. T. Chin, the murdered Chinese, was held yesterday from the St. Andrew's Cathedral. The services were conducted by Bishop Restarick, assisted by Rev. Mr. Potwin. "On Resurrection Morn," "Rock of Ages," and "Nearer My God to Thee" were sung by members of the choir of the Cathedral and of St. Peter's. Many beautiful floral offerings were placed upon the bier.

Interment took place in the Christian Chinese burial ground at Makiki. The deceased leaves a wife and three children, an aged father and an elder brother.

L. T. Chin was born in Canton, China, and came to Honolulu at six years of age. He was educated in the Fort street Chinese school. He was a good stenographer and typewriter and was employed in the offices of W. G. Irwin & Co.

The deceased was a member of the Vestry of St. Peter's Chinese Church. He was a member of the Chinese Society; a member of the Chinese and English Debating Society, Secretary of the Chinese Merchants' Association and also Secretary of the Chinese Reform Society. He was an active member of the Committee in Charge of the Chinese Hospital.

Cooper's Version Of Mortgage Dispute

Henry E. Cooper files separate replication to the answer of each respondent in his suit for foreclosure of mortgage against Island Realty Co. and Jos. A. Gilman, denying that at the date of the mortgage there was any incumbrance on the property in the sum of \$1,000 or any other sum and alleging that the \$1,000 due as taxes for 1900 did not become a lien until September 1, 1900, admitting that the taxes from 1900 to 1903, inclusive, were paid by the Realty Co. Cooper denies the claims of defendants as to how the property should be sold and respecting the terms of sale in the event of foreclosure, declaring that if the land was sold as defendants propose, for which the terms of the mortgage give no authority, the plaintiff would be caused great and irreparable damage.

It is alleged that the improvements put on the land by the Realty Co. have not only not increased its value, but have decreased said value in that the location and character of said property make it unsuitable for building purposes at the present time or at any time in the near future and that said improvements have unfitted it for further uses.

Children Give A Successful Fair

The Children's Summer Fair at Mrs. C. J. Robinson's residence on Boretania street Tuesday was a success in every particular. The proceeds were satisfactory and will be donated to the new orphanage of St. Francis. The children in charge of the different booths were: Fancy table, Miss May Gonsalves and Miss Mamakie Maogoo; flower booth, Miss Fanny Hart and Miss Edith Williams; ice cream table, Miss Maggie Hollinger; lemonade table, Miss Annie Kalaauka; grab box, Miss Watty Holt; candy table, Miss Clotilda and Annie Gonsalves. The Makiki quintet furnished the music.

The children who took part desire to thank Mrs. Robinson for the use of the grounds and for other favors. They also wish to thank Mrs. T. H. Hollinger, Mrs. H. A. Holt, Mrs. J. A. Maogoo and Mrs. M. A. Gonsalves and others for their kind assistance.

Golf Trophies and More Golf Coming

Manager Church of the Halewa hotel has secured the prizes for the winners in the golf tournament decided last Sunday at the Halewa links and as soon as they are engraved they will be on exhibition in the windows of Woods & Sheldon's store. The winners of these prizes were Prince David, D. W. Anderson and Mr. Leishead. The first prize is a cup; second, a watch fob, and third, a couple of golf clubs. Mr. Church has arranged for a handicap tournament at the Halewa links July 4. Entries may be made at Woods & Sheldon's store. The Oahu railway will run the Halewa Limited on July 4, enabling golfers to leave in the morning and return in the evening.

BITUMEN PAVING CONTRACT.

The contract for paving Queen street from Alakea to Fort with bitumen has been let to Lord & Belser for \$3983. This is an experiment contract and its results will be watched with a great deal of interest. The roadbed will consist of a six-inch layer of concrete covered with a two-inch stratum of bitumen, the material used in making the foot crossings on the main streets. The work will not begin until July. The order for bitumen has been placed by cable, there being no supply of the material in the city.

The official name of the building used by the Board of Lady Managers at the World's Fair is the House of the Board of Lady Managers.

COLLEGE BOY ACTORS

GOOD PERFORMANCE BY PUPILS OF ST. LOUIS

STUDENTS DELIGHT THEIR RELATIVES AND FRIENDS BY DRAMA, COMEDY AND MUSIC.

A large number of people attended the entertainment given at the St. Louis College hall last night. The program included a three-act drama, a comedy and a number of musical selections. The actors and performers were boys from the college. They all did well and afforded their visiting friends and relatives much interest by their histrionic and musical efforts. The performance opened with a medley which was followed by a well-performed flag drill by the S. L. College Minims.

The drama "If I Were a King" was an excellent production, especially when the age of the young actors was taken into account. Each one of the players knew his lines perfectly and thoroughly understood and carried out his part. The boys showed much interest in their work and gave evidence of perfect and careful training. Some of them showed not a little talent for amateur acting, especially Harry Sims as Genaro, the shepherd boy who for a short space of time is made to be a king. The costuming of the piece was excellent, the costumes having been carefully planned to suit the epoch at which the action was supposed to take place. Many of them were very elaborate.

Following the drama were several musical selections including several instrumental solos as well as chorus and orchestra selections.

The music was followed by a well-performed and very laughable comedy, the program ending with a chorus and the popular strain of Sousa's "El Capitán," rendered by the St. Louis orchestra.

The program in full was as follows:

THE ADVANTAGES CEMENT ROOFING

POSSESSES OVER TIN, IRON AND STEEL ROOFING IT CANNOT RUST

Gases, fumes, moisture, coal soot and smoke cannot injure or affect CEMENT ROOFING. It is better adapted for application over uneven surfaces, such as old shingles or metal roofs, obviating the expense of removing the same. It will not rattle from wind and storm, nor create any noise from rain falling upon it. The materials used in cement roofing are the best non-conductors of heat and cold known; therefore it will keep the building warmer in winter and cooler in summer than a metal roof. Samples and full particulars mailed on request.
